June 2024

If you were an AABS student ...

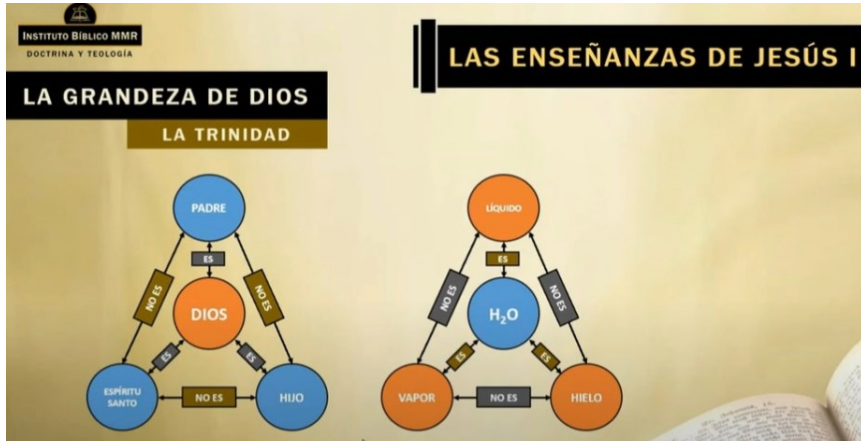

This month, we are excited to give you an in-depth look into one of our member schools in Costa Rica—Instituto Bíblico MMR. The institute has been a proud member of the AABS family since October 2023. If you were an MMR student, your instructor would be Ps. Yerlyn Vargas or the Bible School Director, Giovanny Alfaro who have a passion for teaching the Word of God. You would be part of an online community of about forty students, all committed to deepening their understanding of Scripture. As an MMR student, the schedule for 2024 is structured to provide a comprehensive and engaging learning experience. Each lesson is designed to deepen your knowledge and faith.

(l to r) Instructor Giovanny Alfaro, a student, and Ps. Yerlyn

A typical lesson might include the following diagram, which illustrates the concept of the Trinity. The diagram shows how God the Father, the Son, and the Holy Spirit are distinct from each other, yet each is fully God. Similarly, water, vapor, and ice are different forms of H₂O.

TEACHINGS OF JESUS I. THE GREATNESS OF GOD: THE TRINITY. The Father isn't the Son, the Son isn't the Holy Spirit, the Holy Spirit isn't the Father, but they are all God. Just like vapor, liquid and ice aren't each other, but they are all H₂O

Example of student's notes

You would be required to take detailed notes during classes, as a portion of your grade would depend on the quality of your note-taking. This practice not only reinforces learning but also ensures that you engage deeply with the material.

Please pray for all our students that the Word of God will become spirit and life to them!

We appreciate so much your partnership in this vital work! Contributions may be sent to AABS, PO Box 556, New Holland, PA 17557, or given through our website, www.friendsofaabs.com. Thank you!

All for Jesus,

Tim Ingold, Administrative Director
